

**Rachel Williams BSc (Hons) Dip ICAT
Equine Sports Massage Therapist**

Equine Sports Massage treatments provide a full evaluation of your horse's musculo-skeletal system, to ensure it's performing at its best and not concealing any problems.

Follow-up treatments can ensure the horse receives full benefits of massage. Massage may also benefit presenting problems, including...

Muscle fatigue after competition?

Recovering from an injury?

A musculo-skeletal condition such as arthritis, tendonitis?

Pre and post event massage treatments are also available.
